Lexar® Mobile Card Reader and Adapter Kit

Created specifically to address the needs of mobile phone users, the Lexar® Mobile Card Reader and Adapter Kit contains both a USB reader and SD™ adapter, which support microSD™ and microSDHC™ formats, providing two convenient ways to transfer files from your mobile phone to computer or other device.

Enhance Your Mobile Lifestyle

Easily Transfer Your Media Libraries—at Home or On the Go. The Lexar Mobile Card Reader and Adapter Kit lets you easily and reliably transfer videos, music, and photos between your mobile phone and notebook, PC, or Mac® system, so you can easily backup or sync files. You can also transfer media between your phone and other mobile devices, such as a netbook, portable media player, gaming handheld, or GPS. This makes it easy to share files and take your media libraries with you.

Double the Functionality and Versatility. Not only do the USB reader and SD adapter in the Lexar Mobile Card Reader and Adapter Kit read two formats of memory cards (microSD and microSDHC), but both give you the versatility to move your files, wherever you may be. Keep the SD adapter handy for convenient file transfer at home so you can back up, sync, or take your content with you. And with its compact, portable design, the reader easily slips into your pocket for file transfer on the go.

Lexar Performance and Reliability. With the ability to easily transfer multimedia at home and on the go, impressive versatility, and portable convenience, the Lexar Mobile Card Reader and Adapter Kit provides a smart solution for moving multimedia files between your mobile phone and computer or other device—great for your mobile lifestyle.

Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, USB flash drives, and portable backup drives. With so many options, it's easy to find the right Lexar solution to fit your needs.
